## THE STATE OF NEW HAMPSHIRE

-----

To the inhabitants of the Town of Holderness in the County of Grafton and the State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Holderness on Tuesday the eighth of March, next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects, the second and subsequent articles to be acted upon commencing at seven-thirty o'clock in the afternoon of the same day.

Article 1: To choose all necessary Town officers.

Article 2: To accept the report of all Town officers and committees.

Article 3: To see if the Town will vote to raise and appropriate the sum of \$300.00 to meet the requirements of R.S.A. 442A in reference to the impoundment of dogs.

Article 4: To see if the Town will authorize withdrawal from the Capital Reserve Fund established in 1974 by Article 14, the accrued interest of \$970.00 to be used as a set-off against the budgeted appropriation for assessment and tax map update.

Article 5: To see if the Town will vote to raise and appropriate the sum of \$500.00 for the support of the local hospitals.

Article 6: To see if the Town will vote to authorize the expenditure of \$115.00, with accrued interest, from the Anti-Recession Fund account, to be used as a set-off against the budgeted appropriation for Town Officers' expenses.

Article 7: To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following priority items indicated or take any other action hereon:

APPROPRIATION	AMOUNT
Police Department	\$5,000.00
Fire Department	2,500.00
Town Hall & Other Buildings	2,000.00
Capital Outlay - Office Equipment	4,000.00

Article 8: To see if the Town will vote to raise and appropriate the sum of \$22,230.00 to comply with State statutes relating to the cessation of open burning dumps and the disposition of solid waste by other methods.

Article 9: To see if the Town will vote to raise and appropriate the sum of \$2,000.00, said sum to establish a Capital Reserve Fund as authorized by RSA Chapter 35 to finance investigatory engineering studies and possible land procurement in connection with future needs of the Fire Department.

Article 10: To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report: to raise and appropriate all sums so determined and to pass on any other vote related thereto not acted on in a previous article.

Article 11 : To see if the Town will authorize the Selectmen to borrow in anticipation of taxes.

Article 12: To see if the Town will vote to authorize the Selectmen to accept a Warranty Deed to Meadow View Road, so-called, said road to be thereafter a Town road, and being more particularly shown on a plan recorded in Grafton County Registry of Deeds, Pocket 3, Folder 1, Plan 28, a copy of said plan also being on record at the Town Clerk's office. (This Article was inserted by petition.)

Article 13: To see if the Town will instruct the Selectmen to issue the tax bills by the fifteenth of August, and to instruct the Selectmen to allow citizens to pay their taxes in two payments without any interest being added on. (This Article was inserted by petition.)

Article 14: To see if the Town will vote to authorize the Selectmen to administer, lease, rent, sell and convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed.

Article 15: To see if the Town will authorize the Selectmen to accept grants from the State of New Hampshire or the United States Federal Government.

Article 16: To transact any other business that may legally come before the meeting.

Given under our hands this sixteenth day of February in the year of our Lord nineteen hundred and seventy - seven.

## TOWN MEETING 1976 - PROCEDURE

At a legal meeting of the inhabitants of the Town of Holderness, qualified to vote in Town affairs, and held in the Town Hall of said Holderness on March 1, 1976, at 10 o'clock in the forenoon the following business was transacted:

The sealed ballots for the town and the school were delivered to the town and school moderator - Mr. Laurence Roberts. They were counted under the supervision of the moderator by ballot clerks after Mr. Roberts declared the meeting open and had read the articles of the warrant. Final count was 516 town ballots and 639 school ballots. In the absence, because of illness, of the Town Clerk, Kathryn Beij was present as Deputy Town Clerk.

At 6 p.m. Mr. Roberts declared the polls closed and ballot clerks Phyllis Brown, Gale Melanson, Elizabeth Gehling, Evangeline Dana counted ballots. Results of balloting were as follows:

Moderator Roberts opened the meeting at 7:30 p.m. and read the results of the balloting. The result of the motion relative to solar heating inserted by petition on the ballot was as follows: Yes-67 No-43

Mr. Roberts said if there was no objection he would read each article as it came up.

Article 2: To accept the report of all town officers and committees as printed in the Town Report. Vote was in the affirmative.

Article 3: To see if the Town will vote to raise and appropriate the sum of \$300 to meet the requirements of R.S.A. 442A in reference to the impoundment of dogs. Vote was in the affirmative.

Article 4: To see if the Town will vote to raise and appropriate the sum of \$1,695.50 for the support of the Pemi-Baker Home Health Agency. Vote was in the affirmative.

Article 5: To see if the Town will vote to raise and appropriate the sum of \$500 for the support of the local hospitals. Motion amended as follows: to send \$250 to the Lakes Region General Hospital in Laconia and \$250 to the Sceva Speare Hospital in Plymouth. Amendment voted in the affirmative. The amended article was voted in the affirmative.

Article 6: to see if the Town will vote to raise and appropriate the sum of \$200 for the support of the Town Health Fund. Voted in the affirmative.

Article 7: To see if the Town will vote to authorize the Selectmen to apply for, contract for, and accept on behalf of the town such financial aid as the Town may be entitled to receive or hereafter become entitled to receive from the Federal Disaster Assistance Administration. Voted in the affirmative.

Article 8: To see if the Town will authorize the Selectmen to establish a committee for the purpose of investigating the present housing for the Town fire equipment and report on its findings and recommendations to the next Town Meeting. Voted in the affirmative.

Article 9: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes. Voted in the affirmative.

Article 10: To see if the Town will vote to make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report; to raise and appropriate all sums so determined, and to pass on any other vote related thereto, not previously acted on in a previous article. Article 10 was tabled until after Article 13 was discussed.

Article 11: To see if the Town will vote to amend the National Flood Insurance Program Application passed by affirmative vote of the Town on June 25, 1975, in order to meet program requirements. A petition signed by five people requesting the vote be done by paper ballot and check list had been given to the moderator. Results of balloting: 87 affirmative 11 negative. The moderator declared the article carried.

Article 12: To see if the Town will vote to authorize the Selectmen to administer lease, rent, sell and convey or otherwise dispose of any real estate acquired by the Town by any tax collector's deed. Voted in the affirmative.

Article 13: To see if the Town will vote to authorize the Selectmen to accept grants from the State of New Hampshire or the United States Federal Government. Voted in the affirmative.

At this point Article 10 was removed from the table by affirmative voice vote. Motion made and voted in the affirmative that the budget be taken up line by line. General Government Section of the budget was voted affirmatively in its entirety. Protection of Persons and Property. Police budget was passed at \$31,700.00. Fire Department. Figure of \$15,220.00 was raised to \$19,360.00. No discussion on Care of Trees, Insurance, Planning and Zoning, Damages and Legal Expenses.

Civil Defense. Motion to raise the recommended figure of \$300 to \$748 was defeated by voice vote. Voted affirmatively to accept the amended section of the budget on Protection of Persons and Property.

Health Department. Vital Statistics. Town dump and Garbage Removal - voted in the affirmative to accept the budget figures.

Highways and Bridges. Voted in the affirmative to accept the appropriations as recommended in the budget.

Libraries. Voted in the affirmative to accept the recommendations in the budget.

Public Welfare. Voted in the affirmative to accept the recommendations in the budget.

Patriotic Purposes. Voted in the affirmative to approve the figure of \$755.

Recreation. Voted in the affirmative to accept the budget figure.

Public Service Enterprise. Amended figure of \$150 over the budget figure of \$100 was voted in the affirmative.

Debt Service. Voted in the affirmative to accept the budget figure.

Capital Outlay. Voted in the affirmative to accept the budget figure. Mr. Dana moved to raise and appropriate the sum of \$190,551.22. Motion was seconded by Mr. Flint. Voice vote was in the affirmative.

Article 14: Moderator thanked Mrs. Beij for acting as deputy town clerk. Mrs. Spencer moved a vote of thanks to Earl Jenkins and Herbert Karsten for their services as supervisors of the check list. Mr. Dana requested a vote of thanks to Malcolm Taylor for his services during the town's appraisal. Mr. Tink Taylor urged the Budget Committee to make their public meetings better known, and also have budget figures in writing with copies for the townspeople.

Mrs. Wolf commented that all three selectmen deserved thanks of the town for the seven days a week they worked during the town reappraisal.

Mr. Carvelli moved the meeting be adjourned. Motion seconded by Mr. Flint. Meeting was adjourned at 9:50 P.M.

Kathryn S. Beij  
Deputy Town Clerk

A True Record: Attest

Gertrude L. Elsner  
Town Clerk

**STATE OF NEW HAMPSHIRE  
DEPARTMENT OF REVENUE ADMINISTRATION  
Concord, 03301**

**Lloyd M. Price  
Commissioner**

**Municipal Services Division  
Frederick E. LaPlante  
Director**

February 15, 1977

Board of Selectmen  
Donald E. Dana, Chairman  
Holderness, N.H. 03245

Dear Mr. Dana:

This communication is intended to serve as a status report on the examination currently being made by this Division, of the accounts and records of the Town of Holderness.

It is expected that the audit will be completed shortly. We will be unable, however, to submit the auditors summary of findings for the Town in sufficient time for inclusion in the annual Town Report for 1976.

Upon completion of the examination by our auditors, we will process the audit report as expeditiously as possible.

Please feel free to contact me if you have any questions pertaining to this matter.

Very truly yours,  
Lorraine F. Racette  
Assistant Director

**Due to the above it will be impossible to include the audit in the Town Report. The audit will be available to the public in the Town Clerk's office when it is received by the Selectmen.**

**REPORT FROM THE SELECTMEN**

1976 was a busy year in the Selectmen's Office. The reappraisal of the town was completed by the State in December of '75 and more than 1000 property record cards had to be entered in the blotter book and, on the 29th of December, the tax rate for 1975 was set by the Department of Revenue Administration. Individual taxes were then figured and bills were mailed out on January 26th.

After the hearing by the appraisers in early March, the tax rolls had to be adjusted to reflect the revised assessments and the corresponding abatements and refunds issued.

Attention was next turned to the 1976 taxes. However, no work could be started until the appraisers returned and reviewed the property transfers, new construction and additions to existing buildings. As a result, the tax rate for 1976 was not set until November 1st. Hopefully, these circumstances will not be repeated.

On behalf of the residents of Holderness, thanks and gratitude are extended to our Town Clerk, Tax Collector and Treasurer for a job well done and for their cooperation during a difficult period for each of them.

**REPORT OF THE POLICE DEPARTMENT**

The Holderness Police Department recently completed an active and productive year. The Department answered 720 calls ranging from motor vehicle accidents to animal complaints. A detailed list follows:

Alarms (Burglary)	13	Motor Vehicle:	
Animal	89	Abandoned	2
Assault	2	Accidents	38
Assist fire	8	Assist	8
Assist Law	43	Criminal Court	40
Burglary	12	Disabled or Disorderly	14
Burglary (Attempted)	3	Suspicious Vehicle	15
Criminal Trespass	1	Traffic	3
Criminal Mischief	15	Theft from vehicles	12
Death	3	Neighborhood Disputes	7
Disorderly Conduct	6	Noise Complaint	12
Drugs	2	Police Information	29
Drunkenness	1	Prank Calls	2
DWI	5	Prowler	1
Family Dispute	8	Receiving Stolen Property	1
Fraud	2	Runaway	2
Juvenile	5	Suicide	1
Larceny-Theft	54	Suspicious Circumstances	1
Littering	8	Suspicious Person	7
Liquor Laws	2	Traffic Obstruction	16
Lost Property	4	Vacant House Check	10
Medical Emergency	13	Traffic Checks and War-	
Message	12	nings	123
Miscellaneous Complaints	61		
Missing Person	4		

The Department personnel was increased by the hiring of Darryl Zampieri as a full time officer. Officer Zampieri previously was with the Tilton Police Department. He has an associate degree in criminal Justice from St. Anselm's College and has attended the N.H. Police Academy.

Special Officers Gary Mack and Henry Ahern Jr. helped to cover shifts and any special events which arose during the year. Special Officer John Peterson was employed during the summer and proved an asset in keeping the bridge area clear and assisting elsewhere when needed.

New Items obtained for the Department this year from the Governor's Commission on Crime and Delinquency included a 35 mm camera for all purpose use. We also obtained a finger print kit for crime scene investigations and personal identification. A portable cassette recorder for use in interrogations and case studies was purchased.

To add to our ever growing pile of paperwork, Holderness will join all other towns and cities in New Hampshire in submitting a uniform crime report at the end of each month. These statistics are compiled during the year and sent to the FBI to determine crime rates and serious or troubled areas.

This department also made use of schools provided by the State of New Hampshire for law enforcement officers. Chief Gagne attended a Police photography school and Patrolman Zampieri attended a police prosecutor school recently. Miscellaneous seminars given by the Governor's Training Council and others were also attended.

Respectfully submitted,  
Richard J. Gagne, Chief  
Holderness Police Dept.

## ANNUAL REPORT HOLDERNESS FIRE DEPARTMENT

-----

Time has always been the enemy in fire-fighting; the time between a fire discovery and fire alert; the time between alert and arrival on the scene; the time between arrival and availability of water.

When the Holderness Fire Department was organized in 1932, firefighters were alerted by ringing of the church bell. Later a loud whistle blew in the village. Since then, the effort to shorten the response time has continued. After the whistle came the red telephone network for calling in fires. Calls received on the red phones were relayed by wives to firefighters. Now the alert goes out over an electronic plectron system which can be carried with each firefighter in his home, his vehicle or his place of work. Each improvement has meant a savings, both to the homeowner and to insurance companies, which have been able to lower their rates as response time has been shortened. Holderness continues to enjoy an E-5 rating, resulting in substantial savings to property owners within a five 1/2 mile radius of the station.

In 1976 members of the Holderness department responded to a total of 37 calls. Nine times we rolled to assist neighboring communities. Five times neighbors came in to assist us under our Mutual Aid system. The Department continues to carry an active force of 28 trained members, with business meetings on the first Wednesday of each month, and training meetings on the third Wednesday.

Training sessions cover a multitude of subjects, technical and practical, all directed toward improved fire fighting for Holderness. Each summer several members of the Dept. participate in classes at the Lake Region Mutual Fire Aid fire training school in Laconia. These classes involved both classroom work and (literally) under fire practice. Also, during warmer months, inter-departmental drills are held. Sister Mutual Aid towns converge on one community for joint exercises. This ensures that each department becomes familiar with the equipment and capabilities of its neighbors, which means less time at the fire scene between the arrival of equipment and beginning of effective water attack. Eight towns joined Holderness in September for exercises at the Science Center Field. We appreciate the SLSC's generosity.

Firefighter Gary Mack has been diligently working to upgrade our rescue capabilities. A small squad has been formed and we have begun to acquire necessary rescue equipment. Work is in progress on a rescue sled for use behind a snowmobile.

Work also has been done on the station itself. Insulation over the truck bay has helped conserve fuel oil and all but eliminated ice build-up problems. The bay is heated so that trucks are ready to roll with water at all times - especially important in freezing weather since the water in the tanks takes some time to cool and therefore give more time to firefighters at the scene before equipment starts to freeze up.

As always the best way to fight fire is to prevent fire. Install a suitable smoke or heat detector; keep a workable fire extinguisher on hand at all times. The Department is happy to help on either of these items. Make a fire plan for your home. Plan escape routes, and be sure **everyone** is familiar with the plan. Even the youngest toddler can learn what to do. Make a drawing of your house, showing possible water supplies (pond, stream, etc.); show rooms by name, and indicate which rooms sleep children, invalids or elderly. Include your exact location and phone number. Send a copy to: Holderness Fire Dept., Box 465 Holderness, N.H. 03245. Information on these plans is confidential and for use only for your protection. Keep the **Fire Emergency Number** [524-1545] near your telephone. Remember ALL HOLDERNESS FIRES should be reported to this number no matter where you live. That saves time, too. We're here to help. Your help saves time, property and perhaps lives.

## **LIBRARY TRUSTEES 1976 REPORT**

The trustees met a number of times during '76. Miss Cynthia Miller, state library adviser, is helping us weed books and advising what we should have for a diversified selection.

We now have a book committee, Sandy Heath, Gloria Cosgrove, and Ken Hawkins, all interested in improving our library. 32 new books were purchased, also the World Book Encyclopedia, and a word of thanks for all the gift books received. Total books circulated, 4,442; books from the bookmobile, 1859; books borrowed from the State Library in Concord, 30. Our book sale was a success and we plan to hold another.

Our librarian, Mrs. Hall resigned and Mrs. Arlene McDonald is now serving as librarian.

Library Trustees  
Laura Heath  
Van Dana  
Helen Taylor

## **WELFARE REPORT FOR 1976**

This Town is very fortunate; you have helped five families, one of which has repaid in full.

One item we have no control over is Old Age Assistance and Aid to Disabled. The Town and State share equally and the State bills each Town monthly.

Respectfully,  
Laura M. Heath  
Overseer of Welfare

## **ANNUAL REPORT OF PLANNING BOARD**

The Holderness Planning Board has held 17 official meetings during the year 1976, seven of which were combination meetings, the first portion being a Public Hearing, as is required by State Law, RSA. Chapter 36, Section 23, for all subdivisions that come before the Board. The law requires that the individuals involved in the subdivision, the owner or his agent, and all abutting land owners, shall receive written notice of the time and place of the said Public Hearing by registered mail. This may involve five, ten or twice that number of notices, typed, photocopied and mailed out by the Planning Board Chairman's good wife. The land owners abutting the subdivision and all other interested individuals are privileged to attend.

The attendance at many of the smaller & "good land" area subdivision Public Hearings are usually few or nil, while at many of the larger and more complex ones, where perhaps land capability is questionable, a sizable audience is often in attendance.

The Planning Board is often asked "What is the purpose of the State required Public Hearings?" The purposes are several, mainly it is an opportunity for the abutting land owners to learn what may be happening to or on the land "next door", and how it may affect their property. The comments of the townspeople who attend the public hearing often aid the Planning Board in their decisions. The land owner abutting the subdivision may have more knowledge of the land capabilities & seasonal changes than is possible for the planning board to learn from the study of maps or even walking over the area in question. The planning board is pleased to see that the citizens of Holderness are interested in the nature of the development and the changes that are taking place.

In addition to the seventeen evening Planning Board meetings, there was one which occurred in the daytime which indicates one feature of planning board duties. On this occasion in the daytime, the site of the subdivision in question was "walked over" by three planning board members, one of these a selectman, three interested citizens, and the chief of the County Soil Conservation Service and his engineer. Accompanying us, to our dismay, were hundreds of those little blood thirsty flying bits of life known as midgies + mosquitoes, which often abound in shady low wet areas in early June.

Much of the information that guides the Planning Board in its decision as to approval or disapproval of a subdivision, is a study of the maps of the area showing data indicating the nature & the type of soil, seasonable water tables and the slope of the land, and a walk over the area by several of the planning board members.

If there appears to be any question on the validity of our findings, as in the case previously mentioned, we consult with, or bring to the spot, experts to guide us in making our decisions. On last June 3rd Mr. Dannehy of the Grafton County Soil Conservation Service and his engineer Mr. Dollinger were invited to join the planning board and share with us in our "walk" through the woods and wet land areas, the natural domain of the "no-see-ums" and other sharp stinging blood thirsty insects.

A far more pleasant & interesting search for information and aid in planning, by the Planning Board Chairman (at his own expense) was a one evening a week, for 5 weeks Seminar on Municipal Law & Planning activities for Planning Boards, Boards of Selectmen & Conservation Committees, sponsored in part by the N.H. Bar Assoc., State Office of Comprehensive Planning and Univ. of N.H. Extension Service.

The lectures and discussions were presented by five attorneys, recognized as especially knowledgeable in municipal growth problems, as a means of providing local town officials with basic legal guidance, so that they may function more effectively in their many town or city planning activities, and enabling them to recognize problems that merit professional advice.

This past year has presented more problem situations wherein legal advice has been vital, in order to protect the best interest of the town of Holderness. Some such advice is obtainable through the N.H. Municipal Assoc., the State office of Planning, and especially through the Lakes Region Planning Office. But there are occasions when consultation with an attorney who is particularly knowledgeable in town planning matters, is necessary where certain specific problems are involved, or when a developer ignores TOWN & state regulations.

It was very interesting and encouraging to learn a few weeks ago that the U.S. Supreme Court has ruled that a town has a right to make regulations that may guide its growth, and for the protection of its natural resources. I have suggested to the Selectmen and the Budget Committee that an appropriation of \$100 be made available

to the Planning Board for legal advice, and guidance in areas where such guidance and legal action may be advocated.

It has been interesting, informative and rewarding to serve the Town of Holderness as it's Representative from the Planning Board on the Lakes Region Planning Commission, and to be able to learn of some of the other member town's problem situations, and some of the methods whereby some of these problems are resolved. Perhaps more important are the studies and research that are being carried out to locate the point and non-point sources of pollution in our lakes, and some of the methods for correcting them. And what is more important, preventing further pollution. State and Federal funds are available for this work, and are naturally only available on a regional basis to avoid duplication of effort, because many of the problems are regional. Much of this work is quite costly, but the knowledge that is secured in the study of just one bay area on the shore of a certain body of water in one town, can later be applied for correction and prevention of similar situations in other towns and adjoining waters.

The Lakes Region Planning Commission has made a talking film, depicting a situation that has existed for a number of years in Lake Winnisquam, when swimming in many areas was like swimming in pea soup, because of the algae situation. Currently this situation is being corrected, and it is refreshing to listen to the remarks of cottage owners relating to the current condition of the lake waters, making swimming, boating and fishing again pleasurable and not a menace to health.

The Lakes Region Planning Commission is busily engaged in making a series of Land Use Maps for it's 22 member towns, some of which for Holderness are in the Conference Room in the Town Hall, which depict the nature of the soils, wetland areas if present, slope of the terrain, and other characteristics of the land in a subdivision, thus enabling the planning boards to more accurately determine the land capabilities, and thus give a prospective buyer greater assurance that the land in question is suitable for on-site sewage system, a dry cellar, and some probability whether or not he will need to spend a fortune in blasting out a cellar for his dwelling.

The Commission staff and it's library are valuable sources of information and aid in land use problem situations, available to individual planning boards and town officials of the member communities. Holderness is represented in the Commission by Bert Flint, who last year was Chairman of the Executive Committee, and this year is serving as a member of that Committee. The Chairman of the Holderness Planning Board, during the past year, served as a member of the Executive Committee, and this year is Chairman of the Land Use Committee.

In January & February of 1976 the Holderness Planning Board was instrumental in formulating the necessary measures required by the Federal Flood Insurance Program, for publication in the March 6th Town Warrant. This measure was favorably acted upon by the town's voters and the town of Holderness was granted full and unconditional participation in the Federal Flood Insurance Program. Revised up to date maps (Dec. 12, 1976) have recently been received, indicating the **currently** recognized Flood Prone Areas.

The following is the financial report of the Planning Board for 1976	
Total amount appropriated for Town Planning for 1976	\$1,450.00

**Disbursements:**

Holderness Share for Membership in the Lakes Region Planning Commission		\$ 1,028
Routine Planning Board expense	97.02	
Subdivision Regulation Implementation expense	173.38	
Legal Consultation, Dr. Staples with Atty. Killkelly	25.00	295.40
	-----	
TOTAL Planning Board Expenses for 1976		1,323.40
Unexpended amount of 1976 appropriation, remaining in Town Treasury		126.60

This surplus occurred because of a probably need last October that funds be available for legal fees, hence the much needed re-printing of the Town's Subdivision Regulation Booklets did not occur, and remains to become a 1977 expense item.

It should be noted that the Town is reimbursed for some of the above mentioned expenses for Subdivision Regulation Implementation expenses, through the payment, by the developer of an "Application for Subdivision Approval Fee". These fees amounted to \$174.75 in 1976, and although "income" to the Planning Board, cannot be used by them, and such funds are periodically forwarded to the Town Treasurer

**Members of the Holderness Planning Board are:**

Capt. E.M. Waldron	Frances Ayer, Secretary Treasurer
Milton Huckins	Lawrence M. Staples, D.M.D. Chairman
Jon Bourne	Donald Dana, Selectmen Representative
Francis O'Donnell	

**Representatives to Lakes Region Planning Commission are:**

Lawrence Flint  
Lawrence M. Staples, D.M.D

Respectfully submitted,  
Lawrence M. Staples, D.M.D.  
Chairman

**REPORT OF THE PEMI-BAKER HOME HEALTH AGENCY**

The Registered Nurses and Home Health Aides made 459 visits in Holderness last year. This is over 10% of all calls made in the eleven town area Pemi-Baker services. The Agency sustained a cost of \$1,118.50 for this service to Holderness residents which was not covered by any other sources (Medicare, Insurance, Town Contribution, etc.)

In addition to the home health care delivered to individuals, the Agency provides a variety of services. Free blood pressure clinics for groups are available upon request. The Agency carried out the organization of the swine flu clinic for the area in November which was attended by 2,884 people.

We now have an automatic new baby visit upon receipt of birth notice. In addition, the nurses are available to mothers who are having health problems with infants. We also work closely with the Discharge Coordinator at the Sceva Speare Memorial Hospital to assure continuity of care to patients.

The services of the Pemi-Baker Home Health Agency are available to all residents of Holderness. If the charges are not covered by Medicare, Medicaid, or insurance the patient is asked to pay what he or she is able. Patients must be referred to the Agency by their doctors. Questions about the service will be answered by calling 536-2232.

Respectfully submitted,  
Eleanor Wolf  
Holderness Representative to the Board of  
Directors of the Pemi-Baker Home Health Agency

### **HOLDERNESS HEALTH OFFICER REPORT**

In the last year there have been 26 permits issued for the proper handling of waste matter.

I have answered over 75 calls relating to health matters concerning the welfare of the town. I have had several water samples sent to Concord for testing of drinking water. I have also spent many hours on the telephone with new property owners requiring information on town permits and regulations.

Elwin Melanson  
Health Officer

### **REPORT OF THE HOLDERNESS PARK BOARD for 1976**

The Holderness Town Beach officially opened June 20th. This was also clean-up day. Even though the beach is not officially opened taxpayers and residents must have a ticket to be on the beach.

Jill Riley was lifeguard for a second year. She gave lessons to over 70 youngsters and teenagers.

105 beach tickets were sold, bringing the beach the sum of \$630.00

The committee wishes to give special thanks to the townspeople who gave their time to help us: Paul Needham who sees to the water system and takes care of it at the end of the year can never be thanked enough, the Plymouth Fire Department for showing lifesaving techniques greatly needed in learning to save lives. Terry Keneson who helped sell tickets and worked with the Committee, and a very special thanks to Smith-Piper store for the flag pole rope and hooks which we needed very badly. We received donations from the Holderness Community Church and from Mrs. Downes. Thank you all.

The beach will need a new lifeguard chair.

Elizabeth Currier, Chairman  
Pat Giebutowski

## NINTH ANNUAL REPORT OF THE HOLDERNESS CONSERVATION COMMISSION

-----

Writing an annual report can make you realize how much you wanted to do throughout the year just ended, but how little was accomplished!

This is our story for the year just ended.

### **Town Maps:**

Full-sized color maps of Holderness are available for viewing at the town office. They depict slope gradients and varying soil conditions (to a depth of 40 inches) throughout the community to help residents determine the best places to build or install septic systems.

The Commission would like to see these maps reduced to a more workable size and made available for wider distribution but thus far has not been able to finance the cost. Color plates for printing are quite expensive.

### **Dump:**

It looks as though the legislature will not be able to give any more extensions of time to towns who have been told to stop the burning of their open dumps. And there are those people who are not enthusiastic about the possible long-range effects from burying garbage (so-called landfilling). Leachates (underground pollution that reaches water deep down) are being monitored at Ashland's landfill and other sites around the country. But nobody knows what to do when pollutants reach our deeper underground water supplies.

Either way, Holderness has to do something about its present site on the shores of Lamb Swamp on White Oak Pond. Our options are running out!

One thing is sure. We will never again be able to dispose of our residential and commercial waste as cheaply as we are now doing it. The best way to hold down the increase in disposal will be to waste less; no overpackaging, fewer throwaway containers, more biodegradable materials like paper and fewer plastics, etc. But the country has a long way to go before attaining this concept.

### **Solar Energy:**

So far there have not been any homes or businesses constructed in Holderness which employ solar heating or cooling devices. A question on last year's town meeting ballot, sponsored by the Commission, was approved by the voters. It allows for local property tax exemptions on that portion of real estate value increased due to the cost of installing solar devices.

Solar energy, even at New Hampshire latitudes, is becoming more and more feasible as the cost of fuel oil continues to climb.

### **Town Forest:**

For better than a year the commission has wanted to make the town forest off Beede Road available for the taking of firewood by residents and taxpayers. This is being done in other communities with a high degree of success.

But we have been plagued with the ever-present spector of liability -- what if someone gets hurt and sues?

That problem now seems to have been taken care of if we carefully administer a cutting program whereby local people can take dead or downed trees for their own private use. In cooperation with the Selectmen, the commission plans to, once again, develop such a program so that residents and taxpayers may take advantage of their town forest.

We had hoped our 50-acre forest might qualify for McIntyre - Stennis federal forest improvement funding. These monies would have allowed us to do selective thinning, cull removal, releasing of young stands and some limited pruning, thus making for a healthier forest.

But on December 6 UNH Forestry Professors John Carroll and James Bartlett made a reconnaissance and determined it was too small for a full scale timber stand improvement undertaking. We'll try again!

#### **Land Offered To The Town:**

On December 8 the commission hosted a meeting between agents for Lake Forest Development on the backside of Little Squam Lake, and representatives of town government. The owners of Lake Forest have instructed their people to first offer the land, some 130 acres with 1,100 feet of shore frontage, to the townspeople of Holderness before going to any other governmental unit such as the state.

In view of this, the commission has hired the firm of Hyde Associates of Concord to do an appraisal of the approximate market value.

Federal funds are available to pay half the appraised value but there are other matters to work out as well.

This will be a very big undertaking for the town if it is decided to go ahead. Before very long, the commission will hold a public hearing to see how the residents feel.

#### **Recycling:**

We still don't have a new glass-recycling shed at the dump. Hopefully this year. But still the glass flows in, especially when the summer people are in residence.

We appreciate the help we got from Holderness Boy Scout Troop #70.

The commission is in touch with Plymouth's recycling project director in hopes we can transport our crushed glass there instead of to Troy, N.H. or Dayville, Ct.

#### **Youth Camp:**

We are hoping to send another Holderness boy or girl to this year's Youth Conservation Camp at Spruce Pond in Allenstown.

Dates for 1977 are June 19-24 and field study courses include soils, water, forestry and wildlife, all with professional instructors in these particular fields.

We will pay the full tuition if you know of anybody (over 14) who would like to attend.

Respectfully submitted,  
Kent Smith  
Richard "Buzz" Currier  
Robert Nichols  
Derwood Corbett  
"Tink" Taylor, Chairman

8 March, 1977

## **TOWN HALL BUILDING COMMITTEE**

---

The following consists of improvements and work accomplished at the Holderness Town Hall during this past year, 1976.

Reshingled roof on the side facing Route #3, this work being completed satisfactorily by T. Perkins.

Rail fence was installed alongside the bank by steps leading to the office door. This was done by our Road Agent and his crew.

Flowers and shrubs were planted around the grounds by Kathryn Beij and Sue Guion under the supervision of our Town Clerk.

The rear steps from the main hall have been rebuilt to insure a safe second exit from the hall. This work along with several small repair jobs was completed by Harry Heath.

The State Flag came up missing, and was replaced at no cost to the Town. Due to the high winds our flags take a constant beating. The Committee extends their thanks to Peg Winton for stitching the flags when they are torn.

The Grange, at their expense, have done a great job in providing a nice kitchen from which many enjoy the tasty food prepared within.

The State Fire Marshal's office has requested that the closet which houses the hot water heater and fuse boxes be fireproofed. The Committee suggests that the Town appropriate the necessary funds for this to be done.

Paul M, Needham, Chairman  
Kent Smith  
Anna Heath

## **GRANGE ACTIVITIES**

---

July 10th - The Historical Society and the Grange has a supper for the public.  
August 7th - A dance was scheduled and sponsored by the Community Council.  
August 20-21 - Exhibit of antiques by the Historical Society.  
October 21-23 - Rummage Sale by the Grange.  
December 11 - Christmas party sponsored by the Community Council.

The Grange has meetings the 1st and 3rd Tuesday of each month.

## **REPORT OF THE HOLDERNESS TOWN SHED COMMITTEE**

Several areas have been inspected but to date the committee has not had any success in finding any available suitable location for the proposed highway garage.

A continuing effort is being made in this direction.

Respectfully submitted,

Donald E. Dana  
Charles P. Howe  
Russell Moren  
Harrison A. Sargent  
Lyle Thompson  
John Putnam, Selectman  
Richard L. Gordon, Chairman

## **REPORT OF THE HOLDERNESS BICENTENNIAL COMMITTEE - 1976**

Our activities started off with an outstanding program presented by the children of the Holderness Central School. All grades participated with many thanks to the children and teachers who made this program well worthwhile. At this time, Dr. William Taylor of Plymouth State College, representing the New Hampshire State Bicentennial Committee, presented the Town with a Bicentennial flag and certificate.

On May 30th there was an excellent concert in the horse show ring of the Science Center by the New Chester Fife and Drum Corps, followed by the annual Memorial Day parade under the capable leadership of Earle Jenkins.

The Fourth of July was celebrated by a parade of boats decorated in the Bicentennial motif, from Church Island to the Black Horse Motel where prizes were awarded, all under the competent direction of Bob Valpey and Sam Murdough. That evening there was a well attended Bicentennial supper at the Towne House, sponsored by the Historical Society and the Grange. All workers did a bang-up job.

The Postal Service presented our Post Office with a plaque engraved with the names of Holderness Revolutionary soldiers.

As a Bicentennial gesture from the Holderness School for Boys, a check from the boys was presented to the committee for the purchase of a child's table for the library.

Some landscaping was done both at the Towne House and the library.

Many thanks to my fellow committee members for a job well done. We all look forward to the Tricentennial in 2076!!

Respectfully submitted,  
Helen Taylor, Chairman

## HOLDERNESS SCHOOL DISTRICT MEETING MARCH 4, 1976

The meeting of the Holderness School District was called to order at 7:30 P.M. at Holderness Central School by Laurence Roberts, Moderator. About 85 townspeople were present and board members: Mr. Barlow and Mrs. Currier, principal, Mr. Eames and superintendent, Mr. Smith.

Mrs. Staples moved and Mrs. Ayers seconded

Article I: I move we accept the reports of the agents, auditors, committees or officers.

The vote was in the affirmative.

Mr. Putnam moved and Mr. Needham seconded

Article II: I move that the District authorize the recitation of the traditional Lord's Prayer and the Pledge of Allegiance to the Flag in the public elementary schools in accordance with RSA 194:15-a, wherein pupil participation in the recitation of the prayer and Pledge of Allegiance shall be voluntary.

Mr. Barlow said there is a moment of meditation now and the salute. He did not feel more was necessary but the other two board members put the article in to get the opinion of the townspeople.

Mr. Dales said that saying prayers was declared unconstitutional at the state level and voting in the affirmative would mean contesting the court. He then moved and Mrs. Staples seconded that the article be Tabled.

The vote was in the affirmative.

Mr. Barlow moved and Mrs. Currier seconded

Article III: I move that the District vote to amend Article #2 of the agreement currently in existence with the State of New Hampshire which makes Old Age and Survivors Insurance Coverage available to employees of the school district so it excludes from the plan services in any class or classes of positions filled by popular election and to exclude from the plan services in any class or classes of positions the compensation from which is on a fee basis.

Mr. Kent Smith asked for an explanation

Mr. Barlow explained that this article prevents FICA tax from being withheld from the salary of school board members and other elected officials as well as those hired for a short term job (e.g. a consultant).

The vote was in the affirmative.

Mr. Carvelli moved and Mr. Dales seconded:

Article IV: I move that the District vote to establish a contingency fund to meet the cost of unanticipated expenses that may arise during the year and, further, to appropriate the sum of \$250.00 for the purpose.

The vote was in the affirmative.

Mr. Dana moved and Mrs. Staples seconded

Article V: I move that the District authorize the school board to make application for, accept, and expend on behalf of the School District all gifts, advances, grants-in-aid, or other funds for educational purposes, as may now or hereafter be available or forthcoming from the United States government, the State of New Hampshire, or any other federal, state, or local agency.

The vote was in the affirmative.

Concerning Article VI, Mr. Roberts explained that the budget could not be voted on line by line because the school board needed flexibility to use the total allocation to meet changes that occur to keep the school operating efficiently.

Mr. Beij moved and Mr. Taylor seconded

Article VI: I move that the District vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents, and for the payment of district officials, statutory obligations of the District the amount of \$418,783.

This amount is the budget committee's recommendation.

Mr. Taylor voiced the opinion of many residents and non-residents who had contacted him as selectman about the high taxes this year and felt he could not support the \$11,000 more that the school board had recommended.

Mrs. Boynton asked for an explanation for the salary increases.

Mr. Eames said a music teacher's services are needed for a second day and the secretary, now part time, is needed full time.

Mr. Dales asked to know the percent increase in teacher's salaries,

Mr. Eames said 8.3% where the base would go up from \$7200 to \$7600 with a 5 1/2% step increase. (e.g. a person on the 4th level would receive a salary of \$8854:  $\$7600 \times .055 = \$418$ .  $\$418 \times 3 = 1254$ .  $\$7600 + 1254 = \$8854$ .)

Upon request, Mr. Smith, superintendent, elaborated on salaries in surrounding towns.

Mrs. Hanaford and Mrs. Ayers were concerned at the high increases some teachers seemed to be getting, e.g. a teacher's salary had gone from \$8000 to \$11,000 in 3 years.

Mr. Barlow and Mr. Eames answered the concerns.

Mrs. Evelyn Spencer asked about merit raises. Mr. Barlow said they were discontinued last year.

Mr. Dales moved and Mrs. Eleanor Spencer seconded to amend the motion to add \$8000 to \$418,783.

There was much discussion pro and con the amendment.

The vote was 32 yes—49 no

Mr. Barlow moved and Mrs. Currier seconded the Article be amended to \$424,000. This total would delete the full time secretary and second day of music. The Budget would then include \$1900 for the handicapped child and \$3-4000 for salary increases.

The vote was 43 yes—38 no

Mrs. Farmer moved and Mrs. Hanaford seconded that the article be amended to \$400,000 total.

Mr. Lowies spoke in favor of the amendment.

Mr. McCormack felt the cut would damage the children's education.

The vote was 37 yes — 47 no

Mr. Dales moved and Mr. Handel seconded to move the question.

The vote was in the affirmative. The final budget stands at \$424,000.

Mr. Roberts then read Article VII: to transact any other business that may legally come before this meeting.

Mr. Barlow expressed appreciation to Mrs. Barbara Currier for her six years' service as a board member. Mrs. Currier was given a standing vote of thanks from the District.

The motion was made to adjourn.

Respectfully submitted,  
Georgene W. Fabian  
School District Clerk

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Holderness qualified to vote in District Affairs:

You are hereby notified to meet at the Holderness Town Hall in said District on the eighth day of March, 1977 at 10:00 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

Given under our hands at said Holderness this **twenty-first** day of February, 1977.

Edward Wentzell  
Kevin Barlow  
Patrick Cirincione  
School Board

A true copy of Warrant - Attest:

Edward Wentzell  
Kevin Barlow  
Patrick Cirincione  
School Board

### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Holderness, in the County of Grafton, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Holderness Central School in said District on the thirty-first day of March, 1977, at 7:30 o'clock in the evening to act upon the following subjects:

1. To see what action the District will take relative to the reports of agents, auditors, committees, or officers.

2. To see if the District will vote to establish a contingency fund in accordance with Revised Statutes Annotated 198:4-b, such a contingency fund to meet the cost of unanticipated expenses that may arise during the year and, further, to see if the District will appropriate the sum of \$250.00 for this purpose.

3. To see if the District will vote to authorize the school board to make application for, accept, and expend on behalf of the School District all gifts, advances, grants-in-aid, or other funds for educational purposes, as may now or hereafter be available or forthcoming from the United States government, the State of New Hampshire, or any other federal, state, or local agency.

4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents, and for the payment of statutory obligations of the District.

5. To transact any other business that may legally come before this meeting.

Given under our hands at said Holderness this 16th day of March, 1977.

Edward Wentzell  
Kevin Barlow  
Patrick Cirincione  
School Board

A true copy of Warrant - Attest

Edward Wentzell  
Kevin Barlow  
Patrick Cirincione  
School Board

The School Board regrets that the budget cannot be published at the time of printing of this report.

Circumstances beyond the control of the Board and deadline requirements for final publication and distribution of reports as set forth by State Law does not give the District and Budget Committee enough time to prepare the final budget for enclosure within.

A separate budget publication will be prepared before the School District meeting and made available upon request to any interested resident of Holderness.

The School Board urges all citizens to attend the School District meeting on March 31, 1977 at the Holderness Central School at 7:30 pm.

Edward A. Wentzell  
Chairman, Holderness School Board

### **SUPERINTENDENT'S OFFICE REPORT**

I present to the Superintendent of Schools, School Board, and citizens of Holderness, New Hampshire, my fourth annual report as Assistant Superintendent for Public School Supervisory Union #48.

The 1975-1976 academic year directed its energies toward preserving and perfecting our current areas of strength while preparing our youth for the confrontations of change in tomorrow's world.

Within the next decade, Americans will be learning a new language in kitchens, factories, and in automobiles. The metric system of weights and measures is being voluntarily adopted in the United States. Few areas of everyday life will remain untouched by conversion. Supervisory Union #48 is a leader in the State of New Hampshire in this movement. Teachers have developed a curriculum guide which documents a scope and a sequence to facilitate this change.

Our efforts at the Holderness Central School would be in vain if it were not for the creative and enthusiastic contributions of faculty and staff. This administration makes every attempt to employ professionals who are cognizant of the heritage of our geographic region as well as those who can bring dimension to our evolving curriculum. Patricia Heinz (Kindergarten-Plymouth State College), Charity Gorrell (Grade I-University of New Hampshire), Margaret Hendel (Grade II-Mt. Holyoke College), Linda Morse (Grade III-Plymouth State College), Sally Webb (Grade IV-Central Michigan University), Lawrence DiCenzo (Grade V-VIII-Plymouth State College), Mark Davis (Grades V-VIII-Dartmouth College), Sandell Morse (Grades V-VIII-Wilson College), and Marilyn Wixon (Grades V-VIII-Bates College) commendably contribute toward the achievement of this goal.

The future of education at the Holderness Central School demands that basic skills be defined in terms of a changing world. These skills include reading, writing, mathematics, the arts, and personal discipline based on sound values. The back to basics movement can be a big step forward for education, the nation, and the children whose lives we hold in trust.

Respectfully submitted,  
Daniel A. Cabral  
Assistant Superintendent

# **EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1975-1976**

-----

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each superintendent of a supervisory union shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made of each assistant superintendent, teacher consultant, and business administrator, if any is in service in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$20,000 which was received by the Superintendent of Schools of Supervisory Union #48 during 1975-1976 was made up as follows: \$2,500 paid by the State of New Hampshire and \$17,500 was prorated among the school districts comprising the Supervisory Union. Allowance for \$1,000 travel within the Union was also prorated as stated above.

The salary of the Assistant Superintendent during 1975-1976 was made up as follows: \$2,350 paid by the State of New Hampshire and \$14,650 was prorated as stated above. Allowance for \$1,500 travel within the Union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

District	Adjusted Percent	Supt's. Salary	Supt's. Travel	Asst. Supt's. Salary	Asst. Supt's. Travel
Campton	14.81	\$2,591.75	\$148.10	\$2,169.66	\$222.15
<b>Holderness</b>	<b>14.39</b>	<b>2,518.25</b>	<b>143.90</b>	<b>2,108.13</b>	<b>215.85</b>
Plymouth	38.94	6,814.50	389.40	5,704.71	584.10
Rumney	10.05	1,758.75	100.50	1,472.33	150.75
Thornton	8.82	1,543.50	88.20	1,292.13	132.30
Waterville					
Valley	8.04	1,407.00	80.40	1,177.86	120.60
Wentworth	4.95	866.25	49.50	725.18	74.25

## **HOLDERNESS CENTRAL SCHOOL ANNUAL REPORT OF THE PRINCIPAL**

To the School board, Superintendent of Schools, Parents, and other residents of Holderness, I respectfully submit my annual report.

Again this year our enrollment has continued to maintain itself at an all time high of between 215-220 students. This represents a consistent growth rate of approximately 13% during the last two years, beyond the school years of 1973-74 and 74-75. What future growth patterns will be is difficult to predict. However, it does appear that our

community is going to be one that continues to experience at least a moderate rate of growth.

During the last three years our emphasis has been on maintaining and improving the comprehensive program that we offer our young people. We have added no new personnel and we have strived very hard to keep other expenses down. Interestingly enough, due to efficient management and a moderate increase in enrollment, our tuition charge (grades K -8) has actually **decreased** this year. In 1975-76 our tuition charge was \$1,186.74 as compared to a 1976-77 charge of \$1,103.39.

In the previous paragraph the term "comprehensive program" was mentioned. As we look to the future, perhaps it would be worthwhile to discuss the philosophical basis for our program at Holderness Central. Our philosophy has always revolved around our perception of the **function** of education, which is to provide a learning environment that will encourage the intellectual, physical, social and emotional development of each student to the fullest extent of his capabilities. The emphasis of the program is on successful learning experiences that foster relevant, continuous progress.

It is our contention that a comprehensive program is needed if we are to focus on the needs of each child. Such a program recognizes differences in psychological and academic needs, levels of ability, rate of learning, and areas of personal interest. Opportunities for student enrichment should also be available.

Hopefully, from this total school environment (with the support of the home and the community) should emerge a more independent, responsible and self-disciplined child who has had successful learning experiences and thus has developed a positive self-image. We hope too, that each youngster's involvement in the learning process will result in his having been challenged and encouraged to think for himself. Hence, he will be in a better position to function as a responsible citizen in our democracy.

An institution, in order to function smoothly, must have conscientious support personnel. Our school is fortunate to have several of these people who have demonstrated a genuine interest in the welfare of our school and community. They include Mrs. Fran Currier, teacher aide/librarian; Mrs. Debbie Underwood, classroom aide; Mrs. Pat Giroux, school secretary; Mrs. Mary Richards, School nurse; Mr. Richard McCormack, head custodian; Mr. Arthur Comeau, custodian; Mrs. Rose Carvelli, Hot Lunch Manager; Mrs. Marjorie Hayes, cook; and Mr. Joe Carvelli, cook. For the fourth consecutive year, we have been able to hold our hot lunch prices to \$.40 per student meal. Our town owes a special vote of thanks and appreciation to our lunch staff for their continued efficiency and personal interest in the welfare of our children.

Several parents and other interested citizens are serving as tutors for individual students or as volunteer classroom aides. Tutors include Mrs. Peggy Crowell, Mrs. Pat Farley, and Mrs. Arlene Woodbridge. Volunteer aides include Mrs. Harriett Ireland, Mrs. Jackie Noseworthy, Mrs. Eleanor Spencer, Mrs. Sharon Smith, Mrs. Lynn Hansen, Mrs. Kim Turner, and Mrs. Terri Kenneson. Their interest and willingness to help are appreciated by all of our teachers.

Our school-community organization, The Friends of Holderness Central School (FHCS) has planned several social and service events during the last several months of school. It is hoped that many residents will participate in them.

I want to express my personal appreciation to the staff and faculty, as well as to the students and community for their cooperation during the past year. Only by continuing to work together can we effectively maintain the comprehensive educational program that we presently have.

Respectfully submitted,  
Robert C. Eames, Principal

**REPORT OF THE SCHOOL DISTRICT TREASURER  
FOR THE  
FISCAL YEAR JULY 1, 1975 TO JUNE 30, 1976**

**SUMMARY**

Cash on Hand July 1, 1975 (Treasurer's bank balance)		18,362.33
Received from Selectmen	341-602.78

**HOLDERNESS CENTRAL SCHOOL  
SCHOOL HEALTH SERVICE REPORT 1975-76**

The school year 1975-76 was uneventful except for an influenza-type illness that reached near epidemic proportions during the last two weeks of March 1976 when we experienced 25-30% absenteeism daily.

Dr. Craig performed physical exams on 50 of our 4th and 7th graders, and those participating in interscholastic athletic competition.

Routine health examinations included 83 vision tests, 75 hearing tests and 450 head checks. 97 youngsters were weighed and measured. Minor first aid treatments for the year totalled 720.

Fifty students in grades K through 2 attended dental clinic for prophylaxis and fluoride treatment by Mrs. Olive Staples, R.D.H.

There were 42 home visits made by the school nurse - 30 of these were for preschool screening and readiness evaluation. The preschoolers and their parents also attended an Orientation Program at the school.

Our thanks to the Superintendent's Office, the School Board, the faculty and staff, and especially the parents for their support and cooperation.

Respectfully submitted,  
Mary S. Richards, R.N.  
School Nurse

---

**PUBLIC SCHOOL SUPERVISORY UNION #48  
PROPOSED  
1977-1978 SCHOOL CALENDAR**

Thurs. & Fri., Sept. 1 & 2, 1977	Teacher In-service Days (District)
Tuesday, September 6, 1977	Teacher In-service Days (Supervisory Union)
Wednesday, September 7, 1977	Schools Open
